

# blu•stone™ Freestanding Basin Installation Guide

SA0504

SA0505

## Attention – Before Installation

- We recommend that the installation be done by a minimum of 2 people as a security precaution. Also make sure to adopt the proper posture when lifting the basin.
- Adhere to all local building and plumbing codes. The diagrams in this guide are not construction plans. They are visual aids.
- For best results, the floor must be level and the wall must be square with the floor.

## Installation Requirements

Please read the instructions carefully so as to avoid any damage to the fixture.

1. To ensure this product is installed properly, you must read and follow these guidelines.
2. The owner/user of the product must keep this information for future reference.
3. Consult local building codes to make sure the installation complies with standards.
4. Remove the unit from its packaging. Before disposing of it, inspect the unit to make sure its in good shape. Should inspection reveal any damage or defect in the finish, contact your distributor. The warranty does not cover damages or defects in the finish once it has been installed. Blu Bathworks' responsibility for shipping damages ceases upon delivery of the product in good order to the carrier. All complaints regarding damage due to transport must be made directly to the carrier.
5. Place the unit in the bathroom before you start working. Conserve all nuts and bolts.
6. To protect the unit during installation, we recommend that you lay a piece of cardboard on the bottom.
7. If the unit is covered with polyethylene protective film, do not remove until installation is complete to grant maximum protection. However, remove film where any two surfaces will be in permanent contact.
8. Verify that all dimensions on the plan are the same as the ones of the unit.

## Installation Notes

Important! Install this product according to the installation guide. Product does have an overflow. Spout must provide a minimum of 5" reach for adequate clearance into basin. Our products must be installed by certified professionals only and according to our installation guide as well as federal, provincial / state and local building codes and regulations.

# Installation for Freestanding Basins

## PREPARATION

1. Place pedestal into installed position. Ensure product is level when placed and mounting holes are located at the sides.
2. Carefully mark the mounting hole locations for the pedestal onto the floor with a non-permanent marker.
3. To help recall the pedestal position, trace a line along the base of the pedestal.
4. Carefully remove the pedestal.

## PEDESTAL INSTALLATION

5. Drill pilot holes for the floor mounting brackets  $\frac{1}{2}$ " (12mm) inside the line.
6. Install the pedestal mounting hardware provided. Place a metal washer onto the bolts and insert the bolts through the mounting brackets into the floor securely. Fig 1.
7. Return the pedestal into position with the mark on the floor.
8. Install the pedestal bracket to floor using the two supplied screws. Fig 2.

**WARNING:** DO NOT OVERTIGHTEN. Overtightening may damage the products and cause personal injury and/or property damage.

Note: Please see template for rough-in dimensions

## FAUCET AND DRAIN CONNECTIONS (NOT SUPPLIED)

1. Connect the water supply to the faucet according to faucet instructions.
2. Connect and tighten the trap to the drain.
3. Turn ON the water supplies to the faucet.
4. Purge air from the HOT & COLD water by running the water for a few seconds.
5. Fill the lavatory with water.
6. Check for leaks at the water supply and drain connections.

# blu·stone™—Cleaning & Repair

blu·stone is Blu Bathworks' signature stone collection; a durable, low maintenance and hygienic product that is injection molded, non-porous and anti-microbial.

blu·stone products are stain, scratch and impact resistant, and easy to clean: after each use, simply wipe with a soft cloth to remove any surface dirt.

## Routine Care

- Never expose blu·stone to petroleum based products, such as paint removers, oven cleaners or other solvents (Note: personal hygiene products and cosmetics will NOT damage the surface)
- We recommend that stains are removed within 24 hours
- Do not directly cut on the blu·stone surface
- Blu Bathworks does not recommend exceeding US/Canada maximum hot water temperature regulations of 120°F/50°C, respectively. Exceeding stated temperatures could result in damage to blu·stone products

## Standard Cleaning

For standard cleaning of both gloss and matte finishes, we recommend using widely available cleaning products such as Mr Clean, Fantastik, VIM, CIF etc. Matte finished products may occasionally require a mildly abrasive product.

### blu·stone matte finish:

- For more difficult stains, use a mildly abrasive cream cleanser such as Soft Scrub, Comet Soft Cleanser, CIF or VIM

### blu·stone gloss finish:

- Do not use abrasive products or cream cleansers

## Scratched or Damaged Surfaces

### blu·stone matte finish:

- Ensure there is no surface dirt by flushing with water
- Rub the 600-grit sanding block, provided, in a gentle circular motion
- Higher grit sandpaper maybe required to blend the repaired area to match the existing product finish

### blu·stone gloss finish:

- Ensure there is no surface dirt by flushing with water
- We recommend sanding the area starting with 600-, 800- and 1200-grit sandpaper: begin with the lower number (coarser) grit followed with each higher number (finer) in ascending order
- Finish by polishing the surface using a cloth and white polishing compound for automobiles

## Repairs

For more extensive repairs, send a photograph of your blu·stone product to our Customer Service Department (technical@blubathworks.com), who will inform you as to the most appropriate methods to use.

# Warranty

Blu Bathworks prides itself on excellence in technology, design and quality control. Every effort has gone into making each Blu Bathworks product perform to the highest standards possible and to satisfy the Customer. Blu Bathworks provides the following limited warranties on its products:

## Limited Ceramics Residential Warranty

Blu Bathworks ("Blu") ceramic products are warranted to the original purchaser to be free from defects in all material and workmanship during normal residential use for a period of one (1) year from the date of purchase. Blu will, at its election, repair, provide a replacement part or product, or make appropriate adjustment, subject to the terms and conditions set forth in this warranty.

## Limited blu.stone™ Residential Warranty

Blu Bathworks ("Blu") blu:stone products are warranted to the original purchaser to be free from defects in all material and workmanship during normal residential use for a period of five (5) years from the date of purchase. Blu will, at its election, repair, provide a replacement part or product, or make appropriate adjustment, subject to the terms and conditions set forth in this warranty. Blu Bathworks does not recommend exceeding US/Canada maximum hot water temperature regulations of 120°F/50°C, respectively. Exceeding stated temperatures could result in damage to blu.stone basins and bathtubs.

## Limited Acrylic Bathtubs Residential Warranty

Blu Bathworks ("Blu") acrylic bathtubs are warranted to the original purchaser to be free from defects in all material and workmanship during normal residential use for a period of five (5) years from the date of purchase. Blu will, at its election, repair, provide a replacement part or product, or make appropriate adjustment, subject to the terms and conditions set forth in this warranty.

## Limited Tapware Residential Warranty

Blu Bathworks ("Blu") tapware products are warranted to the original purchaser to be free from defects in all mechanical parts and polished chrome finishes during normal residential use for as long as the original purchaser owns his or her home. Blu will, at its election, repair, provide a replacement part or product, or make appropriate adjustment, subject to the terms and conditions set forth in this warranty.

## Limited Commercial Warranty

Blu Bathworks ("Blu") products are warranted to the original purchaser to be free from defects in all material and workmanship during normal usage for a period of one (1) year from the date of purchase. Blu will, at its election, repair, provide a replacement part or product, or make appropriate adjustment, subject to the terms and conditions set forth in this warranty..

## Warranty Terms and Conditions

- This warranty applies only to Blu Bathworks products distributed in North America.
- This warranty is non-transferable and is for the exclusive benefit of the original purchaser of a Blu product. This warranty may be exercised by the original purchaser of a unit in a new residential development. Blu recommends using a professional plumber for all installation and repair. This warranty does not apply to products that have been installed in any manner other than as set out in Blu's printed instructions, or to products that have been altered in any way.
- For further clarity, the above stated warranty does not cover or apply to damage attributable to:
  1. Neglect, misuse, abuse, accident or negligence;
  2. Normal wear and tear;
  3. Proximity to salt water, dirt or lime scale, the use of plumbers' putty or inappropriate cleaners (such as those containing abrasives, ammonia, acids, waxes, bleaches, solvents, alcohol, or any product not recommended for chrome); and
  4. Damage caused by transportation, or improper storage.
- This is the only warranty of Blu, which makes no other warranty of any kind. Blu disclaims any liability for charges due to installation, removal, shipping, or any special, incidental or consequential damages whatsoever. In no event shall the liability of Blu under this warranty exceed the purchase price of the product.

## Procedure for Warranty Service

Refer to [blubathworks.com](http://blubathworks.com) for policy and procedures relating to requests for service under the terms of this warranty. Original proof of purchase is required. Blu is not responsible for removal or installation costs, or the costs of shipping and handling associated with any service. Repaired or replaced products or parts are warranted only for the period remaining under the initial warranty.
